

YOUR **WORLDWIDE SOURCE** FOR PRECISION TURNED PARTS

ELECTRICAL COMPONENTS

sadev 

✔ Rationalization
of your supplier panel

✔ International network of
highly specialized partners

✔ Technical and
economic optimization

ELECTRICAL COMPONENTS

“ Making the process easier for you and meeting all your precision turning requirements... these are our priorities! To achieve them, we strive to work efficiently and effectively: on-going refinement of our supplier base, broad coverage of sectors, continuous search to modernize our processes, recruitment of staff with multi-lingual skills... Our ambition is to become your first point of contact, irrespective of the country in which you are based. ”

– Jacques Slutzki, C.A.O.

Volumes

From 200 pieces.

Parts

Pins, motor shafts, sliding bushes, terminals, sealing screws, fittings, magnetic cores, rollers, spacers, threading studs, nuts, bolts, flanges, tide-rods, piston shafts, shanks, washers, clamps...

Raw material

Steel, brass, copper, stainless steel, aluminum...

Process

Cam controlled lathes, CNC, cutting, machining, assembly...

Finish and plating

Deburring, sand blasting, nickel, tin, silver, zinc...

Diameters

Until 2.44" (62 mm).

Volumes

À partir de 200 pièces.

Pièces

Broches, axes moteurs, coussinets, bornes, vis de plombage, plots, raccords PG, écrous, embouts, noyaux de relais, coulisseaux, douilles, brides, tubulures, cales, tiges, tirants, doigts d'accrochage, galets, colonnettes...

Matières

Acier, laiton, cuivre, inox, aluminium...

Process

Machines traditionnelles, CNC, découpe, usinage, assemblage...

Finition et traitement

Ebavurage, sablage, nickelage, étamage, argenture, zingage...

Diamètres

Jusqu'à 62 mm

Mengen

Ab 200 Stück.

Teile

Steckerstifte, Motorwellen, Büchsen, Klemmen, Verschlußschrauben, Gewindehülsen PG, Muttern, Anschlußstücke, Hülsen, Flansche, Rohrstützen, Paßstücke, Bolzen, Abstandsbolzen, Rollen...

Werkstoff

Stahl, Messing, Kupfer, Edelstahl, Aluminium...

Prozess

Traditionelle Maschinen, CNC, Escomatic, Stanzen, Metallbearbeitung, Montage...

Oberflächenbehandlung

Entgraten, Sandstrahlen, Vernickeln, Verzinnen, Versilbern, Verzinken...

Durchmesser

Bis 62 mm.

✔ Multilingual team with international experience

✔ Responsiveness and reliability

✔ Logistics platform with important storage capability

✔ In-house inspection and quality department
